Plastics & Rubber Thailand

Thailand's exhibition on technology,
innovation and materials of
Plastics and Rubber manufacturing

Step to **net zero carbon**

in plastics and rubber industries
and driving through sustainability

15-18 MAY 2024

BITEC, BANGKOK

AT A GLANCE

- Circular Economy
- Lifecycle Thinking
- Bio-Polymers
- Functional Polymers
- Recycling Solutions

Co-located with :

INTERMOCH **SUBCON THAILAND**

**Messe
Düsseldorf
Asia**

Informa Markets Thailand and **Messe Düsseldorf Asia** have completed a collaborative agreement to drive Thailand's plastics and rubber industries to achieve **net zero carbon and sustainability**.

It is an opportunity to not only meet customers in target fields but also discover unexpected opportunities. The event covers all processes from raw materials to recycling and gathers manufacturers and processors from local and across the world by being co-located with "INTERMACH and SUBCON THAILAND 2024"

Plastics & Rubber Thailand

Net zero

No. of Visitors:
42,011 from **43** countries

Top **5** countries from

21,000 sqm **450** exhibitors
48 conferences

Business opportunities in plastics and rubber

123 buyer delegations
95 successful matches

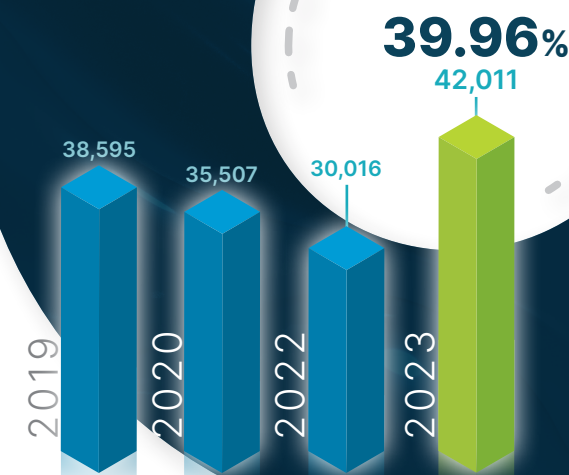

Exhibit Profile

Chemical & Raw Material

- Additives
- Biodegradable / Compostable Plastic
- Coating Compounds
- Reinforcing Fibers Materials
- Rubber Materials
- Thermoplastics and Elastomers

Machinery & Equipment for the Plastics & Rubber Industries

- Extruders & Extrusion Lines
- Injection & Blow Moulding
- Moulds & Dies
- Parts & Components
- Presses
- Recycling
- Welding

Auxiliaries & Material Handling

- Automation
- Conveying System
- Dryer
- Feeder
- Granulator
- Grinder
- Hopper
- Mixing System

Semi-Finished / Reinforced Products and Technical Parts

- Semi-Finished Products
- Services
